ABOUT THAT COAT

You wear a coat. Why? To keep the cold out? No; to keep the warmth in. What of the body that has no warmth-the thin, poor body that lacks the healthy flesh and fat it needs?

For such we say that Scott's Emulsion provides the right kind of a coat, Why? Because Scott's Emulsion builds firm, solid flesh and supplies just enough fat to fill nature's requirements - no more. That means bodily warmth.
